Painting of raw mouldings

Raw mouldings can be finished with open grain or closed grain.
Open grain: The paint is applied directly on the raw wood.
Closed grain: The trafilato (or gesso) is first applied to prepare the moulding for subsequent processing. In this way the finish appears smooth and homogeneous.

Rinaldin proposes these colors:

For the closed grain finish, a water-based primer must first be applied

Grey	500 ml 2500 ml	€ 13,30 52,00	FG5 FG25
White	500 ml 2500 ml	€ 13,30 52,00	FB5 FB25

Over the base primer you can apply the same colors used for the open grain finish.

It is advisable to protect the colors with a clear flattening varnish

Glossy	500 ml	€ 12,20	FLATLUC
Satin	500 ml	12,20	FLATSAT

With Aquagloss colors you get a wax effect finish. There is no need for base primer and no flattening varnish.

Colors	500 ml € 16,20	2500 ml € 55
Colorless	GS501	V2501
